

## Heaven beside you - Alice in chains

Mi2 La Sol (x6)

                  Mi2                  La Sol  
Be what you want to be  
                  Mi2                  La Sol  
See what you came to see  
                  Mi2                  La Sol  
Been what you want to be  
                  Mi2                  La Sol  
I don't like what I see

La          Sol                  Do  
Like the coldest winter chill  
                  Si7                  La  
Heaven beside you (hell within)  
                  Sol                  Do  
Like the coldest winter chill  
                  Si7                  La  
Heaven beside you (hell within)  
                  Sol                  Do  
Like the coldest winter will  
                  Si7                  La  
Heaven beside you (hell within)  
                  Sol                  Do  
And you think you have it still  
                  Si7  
Heaven inside you

Lab          La                  Sib  
So there's problems in your life  
                  Si                  Lab  
That's fucked up, I'm not blind  
                  La  
I'm just seein' through faded  
Sib          Si  
Superjaded, out of my mind

Mi2 Sib Sol Fa# (x2)

Mi2 La Sol (x4)

                  Mi2                  La Sol  
Do what you want to do  
                  Mi2                  La Sol  
Go out and seek your truth  
                  Mi2                  La Sol  
And when I'm down and blue  
                  Mi2                  La Sol  
D'rather be me than you

La          Sol                  Do  
Like the coldest winter chill  
                  Si7                  La  
Heaven beside you (hell within)  
                  Sol                  Do  
Like the coldest winter chill

Si7 La  
Heaven beside you (hell within)  
Sol Do  
Like the coldest winter will  
Si7 La  
Heaven beside you (hell within)  
Sol Do  
And you wish you had it still  
Si7  
Heaven inside you

Lab La Sib  
So there's problems in your life  
Si Lab  
That's fucked up, I'm not blind  
La  
I'm just seein' through faded  
Sib Si  
Superjaded, out of my mind

Mi2 Sib Sol Fa# (x4)

La Sol Do  
Like the coldest winter chill  
Si7 La  
Heaven beside you (hell within)  
Sol Do  
Like the coldest winter chill  
Si7 La  
Heaven beside you (hell within)  
Sol Do  
Like the coldest winter will  
Si7 La  
Heaven beside you (hell within)  
Sol Do  
And you know you have it still  
Si7  
Heaven inside you

Lab La Sib  
So there's problems in your life  
Si Lab  
That's fucked up, You're not blind  
La  
You're just seein' through faded  
Sib Si  
Overrated, out of your mind...
