

The Cure - Three imaginary boys

Mim Sol Si Mib
Walk across the garden in the footsteps of my shadow
Mim Sol Si Mib
See the lights out no one's home
Mim Sol Si Mib
In amongst the statues stare at nothing in the garden moves
Mim Sol Si Mib
Can you help me?

Lam Do
Close my eyes and hold so tightly
Si
scared of what the morning brings
Lam Do Si
Waiting for tomorrow never comes
Lam Do Si
Deep inside the empty feeling all the night time leaves me
Sol Fa# Fa Si
Three imaginary boys

Mim Sol Si Mib
Slipping through the door hear my heart beats in the hallway
Mim Sol Si Mib
Echoes round and round inside my head
Mim Sol Si Mib
Drifting up the stairs I see the steps behind me disappearing
Mim Sol Si Mib
Can you help me?

Lam Do
Close my eyes and hold so tightly
Si
scared of what the morning brings
Lam Do Si
Waiting for tomorrow never comes
Lam Do Si
Deep inside the empty feeling all the night time leaves me
Sol Fa# Fa Si Mim
Three imaginary boys sing in my sleep
sweet child the moon will change your mind

Mim Sol Si Mib (X4)

Mim Sol Si
See the cracked reflection standing still
Mib
before the bedroom mirror
Mim Sol Si Mib
Over my shoulder but no one's there
Mim Sol Si
Whispers in the silence pressing close behind me
Mib
pressing close behind
Mim Sol Si Mib Mim Sol Si Mib
Can you help me? Can you help me?
Sol Fa# Fa Si Mim
