

Slow - Depeche Mode

Mim Sol Mim (x4)

Mim Sol Do
Slow, slow, as slow as you can go
Lab Sib
So I can feel all I want to know
Sol Lab
Slow, slow
Rem Sol
I'll go with your flow

Mim Sol Mim (x4)

Mim Do
Let the world keep its carnival pace
Mim Do Lam
I prefer to look into your beautiful face
La La7
What a waste

Mim Do
Let the stars continue to fly by
Mim Do Lam
I don't have one desire to understand why
La La7
I don't try

Mim Sol Do
Slow, slow, as slow as you can go
Lab Sib
I want my senses to overflow
Sol Lab
Slow, slow
Rem Sol
And doesn't it show

Mim Sol Mim (x2)

Mim Do
I don't need a race in my bed
Mim Do Lam
When the speed's in my heart and the speed's in my head
La La7
Instead

Mim Do
It's tempting for fools to rush in
Mim Do Lam
When something's so good why should we rush a thing
La La7
It's a sin

Mim Sol Do
Slow, slow, slow as you can go
Mim Sol Mim Mim Sol Mim
That's how I like it

Mim Sol Mim Mim Sol Mim
I like it

Mim Do
I don't need a race in my bed
Mim Do Lam
When the speed's in my heart and the speed's in my head
La La7
Instead

Mim Sol Do
Slow, slow, slow as you can go
Mim Sol Mim Mim Sol Mim
That's how I like it
Mim Sol Mim Mim Sol Mim
I like it
Mim Sol Mim Mim Sol Mim
That's how I like it
Mim Sol Mim Mim Sol Mim
That's how I like it
