We're good – Dua Lipa

```
Sol#m  Do#  Sol#m  Do#

          Sol#m  Do#               Sol#m  Do#
I’m on an island, even when you’re close
               Sol#m   Do#             Sol#m  Do#
Can’t take the silence, I’d rather be alone
  Sol#m             Do#
I think it’s pretty plain and simple,
   Sol#m          Do#
we gave it all we could
     Sol#m           Do#
It’s time I wave goodbye from the window
      Fa#              Fa#7                  Si
Let’s end this like we should and say we’re good

          Do#                 Fa#          Si    Fa#
We’re not meant to be that's never gonna change
Si           Do#               Fa#          Si
 So let’s at least agree to go our separate ways
Sol#m7                   Do#
Not gonna judge you when you’re with somebody else
   Fa#
As long as you swear you won’t be
Si
pissed when I do it myself
                     Do#                  Sol#m  Do#
Let’s end it like we should and say we’re good

           Sol#m   Do#              Sol#m  Do#
No need to hide it, go get what you want
                 Sol#m        Do#
This won’t be a burden if we both
             Sol#m   Do#
don’t hold a grudge
  Sol#m             Do#
I think it’s pretty plain and simple,
   Sol#m          Do#
we gave it all we could
     Sol#m           Do#
It’s time I wave goodbye from the window
      Fa#              Fa#7                  Si
Let’s end this like we should and say we’re good

          Do#                 Fa#          Si    Fa#
We’re not meant to be that's never gonna change
Si           Do#               Fa#          Si
 So let’s at least agree to go our separate ways
Sol#m7                   Do#
Not gonna judge you when you’re with somebody else
   Fa#
As long as you swear you won’t be
Si
pissed when I do it myself
                     Do#                  Sol#m
Let’s end it like we should and say we’re good

Sol#m              Do#
Now you’re holding this against me,
Sol#m           Do#
like I knew you would
    Sol#m             Do#
I’m trying my best to make this easy
   Fa#                Fa#7                  Si
So don’t give me that look, just say we’re good
