

When we're high - LP

Mim Re
There was a time, there was a life,
Lam Si7
I was inside my head
Do Si7 Mim Si7
Then finally I rested in your bed
Mim Re
The bars, the dives, the worst of vibes
Lam Si7
I thought had come to pass
Do Si7 Mim Si7
But still I couldn't seem to make it last
Do Lam
I'd swallow the moon and the stars
Si7 Mim
To follow the beat of your heart

Mim
Oooh when we're high
Sim
Oh my God, you blow my mind
Lam
So let's get high
Mim Re
Live until we die, ye___ah
Mim
Oh you and I
you and I
Sim
Let's just do it one more time
one more time a million times
Lam
Let's get high, let's get high
Mim Re
Live until we die, yeah

Mim Re
A state of mind collected like
Lam Si7
A slowly wound bouquet
Do Si7 Mim Si7
With memories of our favorite nights and days
Do Lam
Let's swallow the moon and the stars
Si7 Mim
Let's swallow just right where we are

Mim
Oh when we're high
Sim
Oh my God, you blow my mind
Lam
So let's get high
let's get high
Mim Re
Live until we die, yeah
Mim
Oh you and I, you and I
Sim
Let's just do it one more time
one more time a million times
