

## Scream (funk my life up) - Paolo Nutini

Sim Mi  
How was I to know you just come along  
(and funk my life up)

Sim Mi  
Lips like Debbie's, sing sex like strawberry songs  
(Just funk my life up)

Sim Mi  
Never heard it coming,  
but she's just another woman with a shotgun in her hand  
(Funk my life up)

Sim Mi  
She's a bait, she's a beat, she's the rhythm, she's the band  
(Just funk my life up)

Si Fa#  
And the girl's so fine  
La Mi  
Makes you wanna scream Hallelujah  
Sim  
Yea-aaaah, ye-eeeeah

Sim  
Sly hand, spinning wax like silk  
Beats are dripping on me, are like spider milk  
La  
And I never had a warning when I woke up this morning  
Mi  
With my sunshine on a drip  
Sim  
she's my rock, she's my ball, she's the teenage, she's the trip  
Si Fa#  
And the girl's so fine  
La Mi  
Makes you wanna scream Hallelujah  
Sim  
Yea-aaaah, ye-eeeeah

Sim Mi  
How could i refuse I'm not fit to use  
(and funk my life up)

Sim Mi  
say the only way I win is the way I lose  
(just funk my life up)

Sim Mi  
And I never got a script, got a tip, got a little...up in my brain  
Si Fa# La Mi  
she's the church, she's a sin, she's a diamond chaser  
Si  
she's the rain  
Si Faa#  
And the girl's so fine  
La Mi Sim  
you wanna scream Ehhhiiii Ehhhiiii  
Sim  
she gets me silly she's like a trick on me  
Mi  
I don't even know her name, yeah she sticks to me  
Sim  
and in the climax, she would scream to me  
Mi  
yeah she sticks to me  
Sim  
she gets me funny, she doesn't want any of my money  
so i poured it over her like gasoline
