Oasis – Don't go away

```
Lam   Sol   Fa9   Rem Fa9
Lam   Sol   Fa9   Rem Fa9

  Lam                              Sol
A cold and frosty morning, there's not a lot to say
           Fa9               Rem  Fa9
About the things caught in my mind
    Lam                          Sol
And as the day was dawning my plane flew away
              Fa9               Rem  Fa9
With all the things caught in my mind

Re7sus4                                Fa9
   I don't wanna be there when you're coming down
Re7sus4                               Fa9
    I don't wanna be there when you hit the ground

   Sol          Do                  Sol
So don't go away, say what you say
                      Lam                  Sol
But say that you'll stay, forever and a day
                     Fa                          Sol
In the time of my life, 'cause I need more time
                    Lam          Sol          Fa
Yes, I need more time just to make things right

Lam                         Sol
Damn my situation and the games I have to play
             Fa9               Rem  Fa9
With all the things caught in my mind
Lam                          Sol
Damn my education, I can't find the words to say
             Fa9               Rem  Fa9
With all the things caught in my mind

Re7sus4                                Fa9
   I don't wanna be there when you're coming down
Re7sus4                               Fa9
   I don't wanna be there when you hit the ground

   Sol          Do                  Sol
So don't go away, say what you say
                      Lam                  Sol
But say that you'll stay, forever and a day
                     Fa                          Sol
In the time of my life, 'cause I need more time
                    Lam          Sol          Fa
Yes, I need more time just to make things right

Fam
   Me and you, what's going on

Do Sol Lam

Fa                                 Fam
All we seem to know is how to show the feelings that are wrong

Do Sol Lam Sol Fa   Sol

              Do                  Sol
So don't go away, say what you say
                      Lam                  Sol
But say that you'll stay, forever and a day
