Oasis – Slide away

```
Lam7              Sol                   Fa
Slide away - and give it all you've got
Lam7        Sol                Fa
My today - fell in from the top
Lam7                  Sol                   Fa
I dream of you - and all the things you say
Lam7                        Sol  Fa
I wonder where you are now

Lam7              Sol                   Fa
Hold me down - all the world's asleep
Lam7                      Sol                  Fa
I need you now - you've knocked me off my feet
Lam7                  Sol                   Fa
I dream of you - we talk of growing old
Lam7                        Sol  Fa
But you said please don't!

Sol*        Fa*       Sol*            Fa*
Slide in, baby - together we'll fly
Sol*         Fa*
I've tried praying -
         Sol                                  Sol7
but I don't know what you're saying to me

                Do
Now that you're mine,
             Sol
we'll find a way
               Famaj7
of chasing the sun
              Lam7
Let me be the one
                Sol
Who shines with you
        Re7                                   Fa*
In the morning when you don't know what to do
         Do
Two of a kind
             Sol
We'll find a way
                 Famaj7
To do what we've done
              Lam7                  Sol
Let me be the one that shines with you

Fa*    Re/Fa#
And we can slide away
Fa    Re/Fa#
         slide away
Fa    Re/Fa#
           slide away
Sol           Mi
Awayyyyyyyyyyyyyyy
```
