Sim [Sisus2 Sisus4] Sim (X2)

Sim Fa# Re Mi  
Wake from your sleep, the drying of your tears,  
Sim Fa# Sisus4 Si  
today we escape, we escape.

Sim Fa# Re Mi Mim...  
Pack and get dressed before your father hears us,  
Sim Fa# Sisus4 Si  
before all hell breaks loose.

Lam7 Mi7  
Breathe, keep breathing,  
Sim [Sisus2 Sisus4] Sim Fa#  
don't lose your nerve.

Lam7 Mi7  
Breathe, keep breathing,  
Sisus2 Sim [Sisus2 Sisus4] Sim Fa#  
I can't do this alone.

Sim Fa# Re Mi  
Sing us a song, a song to keep us warm,  
Sim Fa# Sisus4 Si  
there's such a chill, such a chill.

Sim Do# Fa# Sol  
And you can laugh a spineless laugh,  
Do Fa#  
We hope your rules and wisdom choke you.  
Sim Fa# Re Mi Mim  
And now we are one in everlasting peace,  
Sim Fa# Sisus4 Si  
we hope that you choke, that you choke,  
Sim Fa# Sisus4 Si  
we hope that you choke, that you choke,  
Sim Fa# Sisus4 Si  
we hope that you choke, that you choke.
