

The greatest bastard - Damien Rice

Re Re9 Sol La Re Re9 Sol La

Re Re9
I made you laugh, I made you cry
Sol Lasus4 (002030)
I made you open up your eyes Didn't I?
Re Re9
I helped you open out your wings,
Sol Lasus4
your legs, and many other things Didn't I?

Mim Re9
Am I the greatest bastard that you know?
Sol
The only one who let you go?
Lasus4 La7
The one you hurt so much you cannot bear?
Re Re9
Well we were good, when we were good
Sol Lasus4
When we were not misunderstood

Re Re9
You helped me love, you helped me live
Sol Lasus4
You helped me learn how to forgive Didn't you?
Re Re9
I wish that I could say the same
Sol Lasus4
But when you left, you left the blame Didn't you?

Mim Re9
Am I the greatest bastard that you met?
Sol
The only one you can't forget?
Lasu4 La7
Am I the one your truth's been waiting for?
Re Re9
Or am I just dreaming once again?
Sol Lasus4
Some dreams are better when they end

Re Re9 Sol Lasu4
Some make it, mistake it some force and some will fake it
Sim Fa#m Sol La
I never meant to let you down
Re Re9 Sol Lasu4
Some fret it, forget it some ruin and some regret it
Sim Fa#m Sol La
I never meant to let you down

Re Re9
We learn to wag and tuck our tails
Sol Lasus4
We learn to win and then to fail Didn't we?
Re Re9
We learn that lovers love to sing
Sol Lasus4
And that losers love to cling Didn't we?

Mim Re9
Am I the greatest bastard that you met?
Sol
When will we learn to let this go?
Lasu4 La7
We fought so much, we've broken all the charm
Re Re9
But letting go is not the same
Sol Lasus4
As pushing someone else away

Sim Fa#m Sol La
So please don't let on you don't know me
Sim Fa#m Sol La
Please don't let on I'm not here
Sim Fa#m Sol La
Please don't let on you don't love me
Sim Fa#m Sol La
'Cause I know you do I know

Re Re9
That some make it, mistake it
Sol Lasus4
Some force and some will fake it
Sim Fa#m Sol La Re Re9
I never meant to let you down some fret it, forget it
Sol Lasus4
Some ruin and some regret it
Sim Fa#m Sol La Lasu4 La7
I never meant to let you down I never meant to let you
Sim Fa#m Sol La
I never meant to let you down
Lasus4 La7
I never meant
