

Black hole sun - Soundgarden

La Do Sol Fa#m Fa Mi

La Do
In my eyes, indisposed
Sol Fa#m
In disguise as no one knows
Fa Mi
Hides the face, lies the snake
La Sol Sib
The sun in my disgrace
La Do
Boiling heat, summer stench
Sol Fa#m
'Neath the black the sky looks dead
Fa Mi
Call my name through the cream
La Sol Sib
And I'll hear you scream again

Fa Mi
Black hole sun, won't you come
La Sol Do
And wash away the rain
Fa Mi
Black hole sun, won't you come
Re Mi
Won't you come, Won't you come

La Do
Stuttering, cold and damp
Sol Fa#m
Steal the warm wind tired friend
Fa Mi
Times are gone for honest men
La Sol Sib
And sometimes far too long for snakes
La Do
In my shoes, a walking sleep
Sol Fa#m
And my youth I pray to keep
Fa Mi
Heaven send Hell away
La Sol Sib
No one sings like you anymore

Fa Mi
Black hole sun, won't you come
La Sol Do
And wash away the rain
Fa Mi
Black hole sun, won't you come
Re Do
Won't you come
Fa Mi
Black hole sun, won't you come

La Sol Do
And wash away the rain
Fa Mi
Black hole sun, won't you come
Re Do Mi
Won't you come
Re Do Mi
Won't you come
Re Do Mi
Won't you come
Re Do Mi
Won't you come
